Clean with a damp cloth only when the lantern is cool and inactive. Butane cartridges other than ThermaCELL® cartridges will not work in this lantern. Do not insert anything other than ThermaCELL® mats into the lantern. Cover or enclose area. Do not insert anything other than ThermaCELL® mats into the lantern. Do not leave lantern unattended or use in windy conditions. Do not use indoors, in tents or in any enclosed area. Do not use the lantern as an insect repellent. Do not store, use or place the lantern on a flammable surface. Place lantern on a flammable surface with the grill facing upward. Do not store in a damp location where the lantern is cool and inactive. Mat last a maximum of 4 hours. Mat turns from pale orange to white when repellent has been exhausted. Mats last a maximum of 4 hours. Mat turns from pale orange to white when repellent has been exhausted.

**DIRECTIONS FOR USE**

1. Remove battery cover on the bottom of the lantern. Insert 3 AAA-size batteries (not included). Replace battery cover. The batteries power 3 LED lights and will provide lantern light for a maximum of 16 hours.

2. To turn lantern light on, push the black switch on the bottom of the lantern to the “ON” position (B). If lantern light does not turn on, replace batteries. When finished using the light, push the switch to the “OFF” position (A).

3. To use the Mosquito Repellent:
   - Remove one ThermaCELL® Mosquito Repellent mat from package (H). Mats last a maximum of 4 hours. Mat turns from pale orange to white when repellent has been exhausted.
   - Insert mat under the grill at the top of the lantern (F).
   - Remove the butane cartridge cap and screw the cartridge into the lantern (D). Make sure the cartridge is fully inserted. You should hear a clicking noise.
   - If there is no orange light visible in the view hole, make sure the cartridge is completely screwed into place. Also check the amount of fuel in the cartridge. If cartridge is empty or near empty, remove cartridge and replace with a new ThermaCELL® cartridge (G).
   - If there is still no orange light visible in the view hole, make sure the cartridge is completely screwed into place. Also check the amount of fuel in the cartridge. If cartridge is empty or near empty, remove cartridge and replace with a new ThermaCELL® cartridge (G).
   - If lantern light does not turn on, replace batteries. When finished using the light, push the switch to the “OFF” position (A).
   - Replace used mat out by inserting a fresh mat (H).
   - Make sure the cartridge is fully inserted. You should hear a clicking noise.
   - Insert the mat under the grill at the top of the lantern (F).
   - If lantern light does not turn on, replace batteries. When finished using the light, push the switch to the “OFF” position (A).

**First Aid**

In case of ocular exposure (eye contact), flush affected eye with large amounts of water for a minimum of 15 minutes. Remove any contact lenses and continue flushing. Seek immediate medical attention. In case of skin exposure, wash affected area with soap and water. If symptoms do not improve, seek medical attention immediately. In case of ingestion, do not induce vomiting. Seek immediate medical attention immediately. If irritation to the mouth, throat, or stomach occurs, seek medical attention immediately.

**Butane Cartridge**

**Release Repellent**

Release repellent provides mosquito repellency for up to four hours.

**Light Provided by LEDs. No candle or open flame**

**STORAGE AND DISPOSAL**

Store unused cartridges, butane, and other equipment in their original packaging in a cool, dry place away from sources of heat, sparks, and flames. Do not incinerate empty cartridges. Place in trash or offer for recycling if available. Disposal: Empty cartridges in original box in a cool, dry place away from sources of heat, sparks, and flames. Do not incinerate empty cartridges. Place in trash or offer for recycling if available.

**Environmental Hazards**

This product leaves no harmful trace on the environment or aquatic life. Do not apply on or adjacent to ponds, streams, or bodies of water. Environmental hazards include contamination of the aquatic habitat. Use warning signs to notify of use of the product. Keep NotificationCenter and other hazardous substances away from the aquatic environment. For more information, contact your local government or environmental agency.

**Warranty and Disclaimers**

For unwanted mats, contact the Schawbel Corporation for a full refund of purchase price or repair or replacement. Seller is not responsible for damage caused by use of other butane cartridges or inexperienced cartridge brands. Seller will not be liable for damage, injury, or poor performance caused by use of other butane cartridges or inexperienced cartridge brands. If lantern fails to perform to your satisfaction, send the lantern and receipt to The Schawbel Corporation for a full refund of purchase price or repair or replacement.

**Preface**
