1. IMPORTANT SAFETY INFORMATION

A. Sight Adjustment (not available on all models)

B. Loading

The air rifle was designed to work with Crosman® or Benjamin® branded ammunition. Use of any other ammunition may cause injury to you or damage to the air rifle.

Never reuse ammunition.

ALWAYS use the proper size pellet in your air rifle. Refer to the markings on your air rifle to verify the correct pellet size.

ALWAYS treat the air rifle as though it is loaded and ready to fire.

Never attempt to disassemble or tamper with your air rifle. Use an Authorized Service Station. Using an unauthorized service or repair center, or modifying the function of your air rifle, will void your warranty and may make the air rifle unsafe.

ALWAYS have you and others wear shooting glasses to protect your eyes.

Windage is set by turning the windage dial located on the right side of the sight. Turn the dial counterclockwise to make the pellet hit to the left on the sight. (Fig. 7)

C. Points of Safety

1. Put the air rifle “ON SAFE” and unload when removing it from storage.

2. Put the air rifle “ON SAFE” and unload when handing it to, or receiving it from another person.

3. Keep the air rifle unloaded when not in use.

4. Keep the air rifle pointed in a SAFE DIRECTION.

5. NEVER attempt to disassemble or tamper with your air rifle.

6. Use Crosman RMCOIL ONLY and do not over-oil. To do so can cause damage to your gun and injury to the shooter.

7. MAINTENANCE

A. Break In Period

Your air rifle will maintain proper function longer if you oil it every 250 shots.

1. Two stage triggers, leave the trigger as set at the factory, or seek the help of an authorized service station.

2. To oil the trigger:

a. Bottom out the trigger by pulling back to its fully extended position.

b. Release the trigger and let it snap back into its fully extended position.

3. After 400 shots, if you feel the trigger pull is too light, perform the following:

a. Move the trigger assembly back to its fully extended position.

b. Use a paper towel or soft cloth to clean the trigger and sear.

4. CLEANING

A. WARNING

This product is not a toy. This air rifle is recommended for adult use only due to the size of the air rifle and the ability to cause injury to others. (Fig. 1)

NEVER allow anyone under the age of 15 years to use this air rifle.

NEVER carry the air rifle in a car trunk or other vehicle.

NEVER attempt to disassemble or tamper with your air rifle. Use an Authorized Service Station. Using an unauthorized service or repair center, or modifying the function of your air rifle, will void your warranty and may make the air rifle unsafe.

NEVER attempt to disassemble or tamper with your air rifle.

NEVER attempt to disassemble or tamper with your air rifle. Use an Authorized Service Station. Using an unauthorized service or repair center, or modifying the function of your air rifle, will void your warranty and may make the air rifle unsafe.

NEVER attempt to disassemble or tamper with your air rifle.
