Congratulations and thank you for purchasing the CROSMAN® Model 1077 .177 caliber (4.5mm)-pellet airgun. Please read this owner's manual completely. And remember, this airgun is not a toy. Treat it with the same respect you would a firearm. Always carry it unloaded and with the safety on. You are responsible for the safe use and care of your airgun. Always keep it away from children.

Keep this manual in a safe place for future use.

CALIBER/Ammunition: .177 cal (4.5 mm) Lead Airgun Pellet

SPECIFICATIONS

Barrel: Rifled steel

PERFORMANCE

Many factors affect velocity, including brand of propellant, type of projectile, amount of CO2 in the cartridge, lubrication, ambient conditions, and temperature.

REPAIR SERVICE

If this product needs repair, we recommend you take or send to your nearest Crosman Authorized Service Station. DO NOT ATTEMPT TO DISASSMTOLE IT! Your airgun requires special tools and fixtures to repair it. Any disassembly or modification of your airgun while it is under warranty voids the warranty.

A SPECIAL CUSTOMER SERVICE

Crosman Authorized Service Stations will repair your airgun at no cost during the warranty period.

LIMITED ONE YEAR WARRANTY

This product is warranted to the retail consumer for one year from date of retail purchase against defects in material or workmanship. This warranty does not cover damage caused by abuse, misuse, alteration, or negligence. This warranty gives you specific legal rights and you may also have other rights, which vary, from state to state. CROSSEMAN and CROSSLICK are trademarked registered corporations in Canada and United States of America.

TO THE EXTENT ANY PROVISION OF THIS WARRANTY IS PROHIBITED BY FEDERAL, STATE OR MUNICIPAL LAW, WHICH CANNOT BE LIMITED, THE WARRANTY'S LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

Section 7. Maintaining Your Airgun

A. Before you add or remove the CO2: Always unload your gun before changing the CO2.

B. Always follow manufacturer's warnings listed on the CO2 cylinder.

C. If you drop your airgun, check to see that it works properly before you use it again. If anything seems wrong, you should not use the airgun until it is repaired.

D. Always unload your gun before storing.

E. You and others with you should always wear shooting glasses to protect your eyes. In Canada, all customers should wear CSA approved glasses.

F. Follow the instructions for installing CO2 (See Section 3A) and loading (See Section 3A).

G. Always choose your target carefully. For example, you may wish to shoot at a paper target that is up against a brick wall or a sheet of plywood. Always check that the target is set up safely so that it will not bounce off or ricochet and hit someone or something you had not intended to hit.

H. Do not shoot paintballs or paint-filled softballs or any other objects through your airgun. Do not shoot at people or animals.

I. Always choose a target that is safe to shoot at. Make sure that nothing will be damaged if you miss the target.

J. Always use a backstop if you are shooting away from your home.

K. If your reading or prescription glasses are not safety glasses, make sure you wear shooting glasses over your regular glasses.

L. Never point the airgun at other persons or at anything you do not intend to shoot.

M. Always treat the airgun as though it is loaded and with the same respect you would a firearm.

N. Always unload your gun before changing the CO2.

O. Always unload your gun before changing the CO2.

P. Always follow the instructions for installing CO2.

Q. Always follow the instructions for installing CO2.

R. Always follow the instructions for installing CO2.

S. Always follow the instructions for installing CO2.

T. Always follow the instructions for installing CO2.

U. Always follow the instructions for installing CO2.

V. Always follow the instructions for installing CO2.
